Monday - Friday	\$65/hour/cleaner

Residential Vacate Cleaning

Our vacate cleans are designed to leave your property spotless and ready for key handover. We clean everything — including the oven, inside windows, skirting boards, cupboards, bathrooms, and more — so you can move out stress-free. **Pricing is \$60 per hour, per cleaner**, and the total cost depends on the condition of the home. As a guide, a standard 2-bedroom home typically takes 2 cleaners around 5 hours; a 3-bedroom home takes 3 cleaners about 5 hours; and a 4-bedroom home usually requires 3 cleaners for 6 hours. We guarantee our work and are happy to return after the final inspection if your property manager requires anything touched up.

If you require residential cleaning tasks outside of the above scope or for an unusual property/condition of property, please contact us for a custom quote. Additionally, if you require commercial cleaning, please contact us to request our commercial pricing.
